DELTA DENTAL®

Medicare Advantage

Thank you for participating in the Delta Dental of Idaho network! As our population ages, Medicare Advantage enrollment keeps growing and our Medicare Advantage network helps you care for these patients — at the fees you already know.

What's new for your practice?

- **Coming January 1, 2027: St. Luke's Health Plan (SLHP) Medicare Advantage.**

Delta Dental of Idaho will administer dental benefits for SLHP Medicare Advantage members. To see these patients, you must be in our Medicare Advantage network — sign up now to be ready!

Paid at your PPO fees.

SLHP benefits administered by Delta Dental of Idaho; same claims process, same payment.

No CMS registration, DEA license, or additional training required.

Medicare Advantage or Medicaid, what's the difference?
Medicare Advantage (MA) plans are offered by private insurers and give Medicare-eligible members access to dental benefits. Medicaid is a separate, income-based program with its own administrator, fee schedule, and enrollment requirements.

Already seeing Molina Medicare patients?
Molina Medicare remains available through our Medicare Advantage network at your PPO fees. Benefits and claims support provided by Delta Dental of California (DDCA).

FAQs

Is Medicare Advantage a separate network? Yes. PPO or Premier participation does not automatically include Medicare Advantage.

How do I confirm participation? Search our Find a Dentist page under the Medicare Advantage network. Participation is listed by dentist and location. Not listed or see an error? Contact Provider Services.

How do I confirm a patient is eligible and covered? Review the member's plan information and verify eligibility and benefits before treatment.

Where should I submit claims? Submit SLHP claims to Delta Dental of Idaho and Molina claims to Delta Dental of California (DDCA).

Does participation apply to the entire practice? No. Participation is tied to the treating dentist, so confirm each dentist's Medicare Advantage status.

Joining is simple! For more information or to sign up, call 208-488-7726 or email providerservices@deltadentalid.com
