- The freedom to choose any dentist from our extensive network
- Outstanding customer service

Plans Breakdown:

To give our customers flexibility in choosing a dental plan, we created several possible health exchange plan combinations. There are two pediatric plans (Preferred and Basic) and two adult plans (Smile Complete Adult and Smile Adult) all of which can be combined or purchased as a stand-alone plan.

Smile Complete Adult

Smile Complete Adult plans offer the greatest coverage of our exchange certified plans. With a high annual maximum of \$1,500 and major services covered at 50%, this plan has been designed with your healthiest smile in mind.

Smile Adult

With a lower premium geared towards basic and preventive services, Smile Adult plans are perfect for healthy adults who don’t need comprehensive services such as crowns or root canals. Preventive services such as cleanings and x-rays are covered at 100% so you can feel good about scheduling your dentist appointment regularly.

Preferred Pediatric

Preferred Pediatric plans are designed for children who may need additional services such as fillings or non-surgical extractions, both of which are covered at 70%. Preventive services such as cleanings and x-rays are covered at 100%, making this plan the top choice of many Idaho families.

Basic Pediatric

Often times, kids just need to visit the dentist regularly to maintain good oral health. The Basic Pediatric plan is designed to cover routine dentist visits such as cleanings and x-rays.

Orthodontic Discount Plan

Members receive a discounted fee for adult and child orthodontic treatment. This is a value-added service and is not insurance.
